Desired Employment

Oral and Maxillofacial Surgeon, Researcher and Lecturer

Occupational Field

Oral and Maxillofacial Surgery

Work Experience

Dates	DDS (Oral Surgery), Mansoura University, Egypt, 2017 MDS (Oral Surgery), Mansoura University, Egypt, 2013 BDS (<u>Excellent with Honors</u>), Mansoura University, Egypt, 2008
Occupation or Position Held	- <u>Associate Professor in Oral and Maxillofacial Surgery Department, Faculty of Dentistry, Mansoura University.</u> - <u>Associate Professor in Oral and Maxillofacial Surgery Department, Faculty of Dentistry, Horus University.</u> - <u>Academic Coordinator of Level Five Mansoura Manchester Dental Program (MMDP).</u> <ul style="list-style-type: none"> • Mansoura-Manchester undergraduate Programme (MMDP) in Mansoura University is a multi-cultural program and an excellent model for practicing the most recent ways of teaching for dental students. • Currently this Programme is running successfully under supervision from the British side. - <u>Team Lead of Teaching and Learning Standard at Quality Assurance Unit, Faculty of Dentistry, Mansoura University.</u>

Main Activities and Responsibilities

- Associate Professor of Oral and Maxillofacial Surgery Department, Faculty of Dentistry, Mansoura University, Egypt, **2022**
- Academic Coordinator of level five MMDP (Mansoura Manchester Dental Program), **2021- 2023**
- Assistant Professor, in Oral and Maxillofacial Surgery Department, Faculty of Dentistry, Mansoura University, Egypt, **2017- 2022**
- Team Lead of Teaching and Learning Standard at Quality Assurance Unit, Faculty of Dentistry, Mansoura University, Egypt, **2021- Present**
- Assistant lecturer in Oral and Maxillofacial Surgery Department, Faculty of Dentistry, Mansoura University, Egypt, **2013-2017**
- Clinical Demonstrator in Oral and Maxillofacial Surgery Department, Faculty of Dentistry, Mansoura University, Egypt, **2010-2013**

Name and Address of Employer
Faculty of Dentistry, Mansoura University

Type of Business or Sector
Academic (Faculty of Dentistry, Mansoura University)
Private (Dr. Osama Askar Dental Clinics)

Education and Training

**Principal Subjects/
Occupational Skills covered**

Specialist of: - Temporomandibular Joint Disorders.
- Dental Implants.
- Sinus Lifting.
- Alveolar Ridge Augmentation.
- Soft tissue grafting.
- Minor Oral Surgery (e.g., Impaction, Cyst, Frenectomy,)

Mother Tongue(s)

Arabic

Other Language(s)

English

Self-assessment

Understanding			Speaking				Writing		
Listening		Reading		Spoken Interaction		Spoken Production			
Proficient user	C1	Proficient user	C1	Proficient user	C1	Proficient user	C1	Proficient user	

Social Skills and Competences

Ability to work in multicultural environments in friendly and a professional manner.
Adequate Communication Skills and Professionalism.
Respect teamwork.

Organisational Skills and Competences

- Clear, logical thinking, showing an analytical and scientific approach, detail-oriented and a self-starter.
- Excellent communication, negotiation, project management, time management and problem solving.
- Teaching experience for under- and postgraduate dental students. Problem- based and enquiry- based learning (PBL & EBL) as well as the traditional way of teaching in the form of lectures, tutorials, small groups, and clinical teaching.

Computer Skills and Competences

Nearly proficient user and a fast learner
Microsoft Office package, Internet.

Contribution in Thesis SupervisionFor obtaining Master Degree:

1. Evaluation of the impact of antihyperglycemic agent (metformin) on bone healing after surgical removal of intrabony jaw lesions, **2017**
2. Comparison between Sticky Bone and Bone Graft with Collagen in Ridge Augmentation (Experimental Study), **2018**
3. Impact of Concentrated Growth Factors on Clinical Outcomes of Immediately Loaded Dental Implants in Controlled Diabetic Patient, **2018**
4. Immediate Dental Implant Placement Simultaneously with Ridge Augmentation in the Maxillary Esthetic Region Using Allograft Versus Autogenous Bone Rings, **2018**
5. The effect of Cerebrolysin Versus N Acetyl-Cystein on Regeneration of Facial Nerve (Experimental study), **2018**
6. Mineralized plasmatic Matrix with Versus without Titanium Mesh for Ridge Augmentation around Dental Implant in Anterior Maxilla, **2018**
7. Evaluation of the effect of Allantoin on Osseointegration of Dental Implants (Experimental Study), **2019**
8. Minimal invasive sinus lift and screw-retained prosthesis versus implant-retained overdenture in management of atrophic distal extension ridge, **2020**
9. Immediate dental implant placement using socket shield technique with and without platelet rich fibrin placement, **2020**
10. Tenting Screws versus Conventional Fixation Screws for Vertical Augmentation of Mandibular Ridge, **2020**
11. Evaluation of two-implant assisted mandibular overdenture of cobalt chromium vs. PEEK combined denture base, **2021**
12. Evaluation of Facial Nerve Regeneration by End- to End Suturing Technique Versus adding a PRF Membrane as a Scaffold in Rats, **2021**
13. Edentulous Maxilla opposed by 2-implant mandibular overdenture? A prospective Randomized Cross-over Clinical Trial of Maxillary Overdentures on Unsplinted Three, Four and Five Implants, **2022**
14. Free Buccal Pad Graft versus Free Palatal Gingival Tissue Graft for Primary Soft Tissue Closure over Immediately Placed Dental Implant in Maxillary Molar Socket, **2023**
15. Evaluation of Alveolar Socket Preservation Using Mineralized Plasmatic Matrix with or without Pontic Shield in Anterior Maxilla, **2023**
16. Evaluation of Soft Tissue Preservation using Hydroxyethyl Cellulose Adhesive Strips over Immediately-placed Dental Implants in Mandibular Molar Area, **2024**
17. Evaluation of Soft Tissue Augmentation using Acellular Dermal Matrix over Immediately-placed Dental Implants in Anterior Maxilla, **2024**

For obtaining PhD:

1. Evaluation of Bone Density after Bone Condensation around Immediate Loaded Dental Implants Using Different Techniques, **2018**
2. A Comparative Study of Hydrodynamic Piezoelectric Crestal Sinus Lift and Conventional Osteotome Technique with Simultaneous Dental Implants Placement, **2019**
3. Assessment of Horizontal Ridge Augmentation Using Tenting Pole Technique versus Modified Tunneling Technique associated with Delayed Implant Placement in Atrophic Posterior Mandibular Alveolar Ridge, **2023**

Conferences and Webinars

1. Attendance of EDSIC Congress held at InterContinental Citystars, Cairo, Egypt from 13th to 15th September, **2017** with a total of 13 Credit Hours.
2. Attendance of the 14th Stem Cell Training Course held at Medical Experimental Research Center (MERC), Faculty of Medicine, Mansoura University. From 17th to 19th March, **2019** with a total of 24 Credit Hours.
3. **Contribution as a Speaker** at the 2nd Mansoura International Dental Congress held at Mansoura University Hotel, Mansoura, Egypt from October 30 to November 1, **2019**. **“TMD as a Terrifying Phenomenon”**
4. Attendance of AEEDC Webinar Course titled, Treatment of Peri implant Soft Tissue Dehiscence at Single Implant Sites in the Esthetic Zone. On 10 June **2020**, Dubai, UAE.
5. Attendance of AEEDC Webinar Course titled, And You Thought Dentistry was just About Teeth! On 29 June **2020**, Dubai, UAE.
6. Attendance of AEEDC Webinar Course titled, Alveolar Ridge Preservation. On 10 September **2020**, Dubai, UAE.
7. Attendance of AEEDC Webinar Course titled, Role of Buccal Fat Pad in Oral and Maxillofacial Reconstruction. On 17 December **2020**, Dubai, UAE.
8. Attendance of Online Webinar titled, The Basics of Grant Application, Tips for Writing a Successful Research Proposal. On January 26 and February 2, **2021**.
9. Attendance of the 11th International Conference of The Egyptian Association of Oral & Maxillofacial Surgery (EAOMS) held at Ramses Hilton, Cairo, Egypt from 6th to 8th October **2021**.
10. **Contribution as a Speaker** at the 4th Mansoura International Dental Congress held at Mansoura University Hotel, Mansoura, Egypt from 19th to 21st October, **2022**. **“Believe or not, TMD can be Simplified”**
11. **Contribution as a Speaker** in The International Conference on Surgery & Anesthesia held in Dubai, UAE from 14th to 15th November, **2022**. **“A Quick Journey through TMD”**
12. **Contribution as a Speaker** in The 12th International Conference of The Egyptian Association of Oral & Maxillofacial Surgery (EAOMS) held in Grand Nile Tower Hotel, Cairo, Egypt from 5th to 7th October, **2023**. **“TMD Diagnose, simply”**
13. Attendance of Webinar Course titled, Professional Master of Immunology and Regenerative Medicine Program held at Faculty of Pharmacy, Mansoura University on Monday, September 25, **2023**.
14. **Contribution as a Speaker** in The Annual Scientific Meeting of Pediatric Dentistry and Dental Public Health Department held at Faculty of Dentistry, Mansoura University, Mansoura, Egypt from 28th to 29th February, **2024**. **“Management of Odontogenic Infections”**
15. **Contribution as a Speaker** in The 5th edition of ADVANCED CHEMISTRY WORLD CONGRESS (Virtual Event) held in Amsterdam, Netherlands from 25th to 26th March, **2024**. **“Dextrose can either increase or decrease the range of TMJ movement”**

Workshops and Training Courses

"14th Stem Cell Training Course" at Medical Experimental Research Center "**MERC**", Faculty of Medicine, Mansoura University, 2019.

Training Courses at **University Performance Development Center**, Mansoura University:

1. "Exam systems and evaluation of students", 2012.
2. "Strategic Planning", 2012
3. "Profession behaviors", 2012.
4. "Use of technology in teaching", 2013.
5. "Ethics of scientific research", 2013.
6. "Organizing scientific conferences", 2016.
7. "Scientific Publishing", 2016
8. "Financial and legal aspects of university work", 2016
9. "Credit Hours System", 2016
10. "Communication skills in different types of education", 2017
11. "Crisis and disaster management", 2017
12. "Design the Personal Websites for Faculty Members", 2018
13. "Managing Research Teams", 2019
14. "Statistical Analysis Skills", 2019
15. "Quality of Performance in The Scientific Departments", 2020
16. "Scientific Research and Methods of Universities Ranking", 2020
17. "The Art of Successful Leadership", 2021

Practical Experience

Management of:

- Many Cases of Full Mouth Rehabilitation (Teamwork).
- Hundreds of Cases of Temporomandibular Disorders (Internal Derangement, Dislocation, Hypermobility, limitation of mouth opening,)
- Hundreds of Cases of Surgical Removal of Impacted Teeth and Supernumerary teeth.
- Many Cases of Cyst Enucleation and Marsupialization.
- Many Cases of Dental Implants Placement.
- Many Cases of Crestal and Lateral Sinus Lifting.
- Many Cases of Surgical Removal of Intraoral Soft Tissue Lesions (Fibroma, Peripheral Giant Cell Granuloma, Pyogenic Granuloma,).
- Many Cases of Surgical Removal of Intraoral Salivary Gland Disorders (Cyst, Tumors).
- Many Cases of Intraoral Alveolar Ridge Fracture Reduction and Fixation (Arch Bar, Eyelet wiring,).
- Many Cases of Apicectomy.
- Many cases of Oroantral fistula closure.
- Many Cases of Alveolar Ridge Augmentation (Osteocondensation, Ridge Expansion, Guided Bone Regeneration, Onlay Bone Grafting, Tenting Techniques,).
- Many cases of intraoral soft tissue grafting (Buccal pad of fat, palatal soft tissue graft,)
