

Dr. Walaa Mohamed Alsamouly

Assistant professor of Operative Dentistry

A) Personal Data

Name: Walaa Mohamed Ahmed Alsamouly

Birth of date: 1/4/1979.

Nationality: Egyptian.

Religion: Muslim.

Place of birth: Mahalet Ziad – Samanoud- Gharbia.

Address: Mahalet Ziad- Abd-Elhamid Ali secondary school for boys- Samanoud - Gharbia-Egypt.

Marital State: Married with 4 children.

Mobile: 01286002632

Phone: 0402840591

E-mail: walaasamolly@gmail.com

B) Education:

- 1) Ph.D. Doctor of philosophy degree in operative Dentistry 2016.
- 2) M.S.c. Master degree in Operative Dentistry 2010.
- 3) Bachelor Degree in Oral medicine and Maxillo-facial Surgery, Faculty of Dentistry, Al-Azhar-University 2002.

C) Previous experience:

- ❖ Assistant professor in Operative Dentistry department, faculty of dentistry, Al-Azhar and Hours University, from 11/2021 till now.
- ❖ Lecturer in Operative Dentistry department, faculty of dentistry, Al-Azhar and Hours University, from 7/2016 till 11/2021.
- ❖ Assistant lecturer in Operative Dentistry department, faculty of dentistry, Al-Azhar University, from 1/2012 till 6/2016.
- ❖ Demonstrator in Operative Dentistry department, faculty of dentistry, Al-Azhar University, from 2005 till 2010

D)Certificate & Training:

Master degree in Operative Dentistry2010.

Ph. Doctor of philosophy degree in Operative Dentistry .2016.

Certificate of completion

(Preparation of University Staff members).
Workshop held at Faculty of Education, Al-Azhar University.

Certificates of completion Special courses at AQATC

(جامعة الازهر- مركز ضمان الجودة والتدريب AQATC)

في المجالات الاتية:-

- مهارات العرض الفعال
- فنيات تصميم واعداد البحوث
- نظم الامتحانات وتقويم الطالب
- خرائط المناهج وتوصيف المقررات
- اعداد الدراسة الذاتية لمؤسسات التعليم العالي

E) Academic Experience:

From 11/2021 till now.

Assistant professor in Operative Dentistry department, faculty of dentistry, Al-Azhar and HOURS University.

From 1/2018 till 11/2021.

Lecturer in Operative Dentistry department, faculty of dentistry, HOURS University.

From 7/2016 till 11/2021

Lecturer in Operative Dentistry department, faculty of dentistry, Al-Azhar University.

(1) Sharing in all educational, exams , training. and evaluation activities of Operative Dentistry course for all year's dental students.

(2) Sharing in all educational, training. and evaluation activities of Operative Dentistry course for pre-dental year dental students.

(3) Supervision on lab work for all year's dental students.

(4) Sharing in all educational, training. and

evaluation activities of Operative Dentistry course for Malaysian dental students.

(5) Sharing in all educational, training. and evaluation activities of Operative Dentistry course pre-dental year Malaysian dental students.

(6) Supervision on lab work for 1st year Malaysian dental students.

From 2012/2015:

Assistant lecturer in

- Operative Dentistry department –faculty of dentistry –Al-Azhar University. Teaching all lab work for 1st & 2nd year students.
- Sharing in teaching clinical and lab work for 3rd& 4th year students

From 2005 /2010:

Demonstrator in

- Operative Dentistry department –faculty of dentistry –Al-Azhar University. Teaching all lab work for 1st & 2nd year students.
- Sharing in teaching clinical and lab work for 3rd& 4th year students.

F) Research activities and publication:

Master thesis in Operative Dentistry:

**Influence of various light-curing modes on marginal adaptation of resin composite restorations
(An in vitro study)**

Ph-D thesis in Operative Dentistry:

Evaluation of tensile bond strength of repaired new resin composites using different repairing techniques (An in vitro study)

1. A comparative evaluation of marginal integrity and compressive strength of different esthetic restorations at different storage times.

Khalid m. Naaman, Walaa m. Ahmed Alsamouly and Ahmed elbakry khder, Ain shams dental journal. June 2019.

2. Comparative assessment of remineralizing potential of recent biomimetic remineralizing agents on sub-surface carious lesions: an in vitro. Study. **Walaa Mohamed Alsamouly. Egyptian dental journal April 2021.**

3. Evaluation of the state and shade of white spot lesions after treatment with different remineralizing agents (an in-vivo comparative study) **Hany Helmy Elsayed Mohammed, Mostafa saber Mohamed Ata and Walaa Mohamed Ahmed Alsamouly.** **Al-Azhar journal of dental science vol. 24- no. 3- 239:245- July 2021.**
4. The inflammatory response of pulp tissue after different direct pulp capping materials at different storage time. **Ali Yakout Dogheim , Walaa Mohamed Alsamouly, Khalid Mohamed Naaman and Khadiga Youssef Kawana.** **Al-Azhar journal of dental science vol. 24- no. 3- 239:245- July 2021.**
5. Repair responses of pulp tissues after different direct pulp capping materials at different storage time. **Ali Yakout Dogheim, Khaled Mohamed Naaman, Khadiga Youssef Kawana, and Walaa Mohamed Alsamouly.** **European journal of dental and oral health vol 2 | issue 3 | may 2021.**
6. Evaluation of the degree of remineralization of subclinical carious lesions using chitosan and conventional remineralizing agents.

Khalid Mohamed Naaman, Walaa Mohamed Alsamouly and Ahmed abul-khair Hassan alhariri. The Egyptian journal of hospital medicine (January 2020) vol. 78 (1), page 182-189

7. Comparative evaluation of biomimetic remineralizing agent versus resin modified glass ionomer varnish on state and shade of white spot lesions (split mouth technique). **Mostafa saber Mohamed Ata, Walaa Mohamed Ahmed Alsamouly and Hany Helmy elsayed Mohammed. Journal of advanced pharmacy education & research accepted for publication.**
8. Evaluation of fracture resistance of endodontic treated premolars restored with Alkasite restorative materials: an in vitro study. **Walaa Alsamouly, Galal Elden Sadek, Tamer m. El-shehawy. Accepted for publication at Al-Azhar Assuit dental journal.**
9. Comparative assessment of antibacterial activity and fluoride release potential of Cention-n and different bioactive restorative materials: an in vitro study. **Walaa Mohamed Alsamouly and Galal el deen Mosaad Sadek, Egyptian dental journal July 2021.**

المؤتمرات العلمية :

١. مشاركاً ومتحدثاً في المؤتمر الدولي الخامس لطب الاسنان جامعة القاهرة إبريل ٢٠١٧
٢. مشاركاً ومتحدثاً في المؤتمر السنوي السادس عشر لنقابة الأسنان بالغربية طنطا أكتوبر ٢٠١٧
٣. مشاركاً ومتحدثاً في المؤتمر العربي الخامس للمعالجة اللبية ديسمبر ٢٠١٧
٤. مشاركاً ومتحدثاً في المؤتمر السنوي لنقابة الأسنان بالغربية جامعة طنطا ديسمبر ٢٠١٧ .
٥. مشاركاً ومتحدثاً في المؤتمر السنوي العاشر لنقابة الأسنان بالدقهلية جامعة المنصورة نوفمبر ٢٠١٨
٦. مشاركاً ومتحدثاً في المؤتمر السنوي الرابع ليوم طب الأسنان المصري القصر العيني مارس ٢٠١٩
٧. مشاركاً ومتحدثاً في المؤتمر السنوي الرابع لنقابة الأسنان بكفر الشيخ جامعة كفر الشيخ بلطيم يوليو ٢٠١٩
٨. مشاركاً ومتحدثاً في المؤتمر السنوي الثامن عشر لنقابة الأسنان بالغربية جامعة طنطا أكتوبر ٢٠١٩
٩. مشاركاً ومتحدثاً في المؤتمر الأول لنقابة الأسنان بالمحلة الكبرى أغسطس ٢٠٢١
١٠. المشاركة في اليوم العلمي المنعقد في يوم اختبارات الجودة للكلية ٢٠١٧
- ١١ . المشاركة كعضو تحكيمي في مسابقة طلبة كليات الأسنان على مستوى

الجمهورية بالقصر العيني

G) Languages:

Arabic: Excellent (mother tongue).

English: Excellent (reading, writing and speaking).

H) Skills:

Computer skills: -

- Good experience at most of Microsoft operating system versions.
- Good experience at most of Microsoft office applications.
- Good using internet.
- Good hardware experience.
-

I) Personal skills: -

- working for so long time.
- Work individually or in work group as a member or a leader.
- Self-study new subjects.
- Active with or without being under pressure.
- Good preparing, planning, managing and finalizing any work

THANK YOU
