

Report on the Reception of a High-Level Delegation from the American Embassy and the American Center in Cairo at Horus University on Sunday 10-11-2024

Under the patronage of Prof. Ibrahim Saber, Chairman of the Board of Trustees, Horus University welcomed a high-level delegation from the American Embassy and the American Center in Cairo as part of the activities of the Women Entrepreneurs Academy on Sunday, November 10, 2024. The delegation was received by Prof. Hassan El-Shennawy, Vice Chairman of the Board of Trustees; Prof. Dr. Adel Deif, Board Member; Prof. Said Abdel-Hadi, University President; and Prof. Dr. Magda Nasr, University Vice President, along with Prof. Dr. Mohamed Hamad Ghazi, Dean of the Faculty of Dentistry, and several deans from the university.

Dr. Mohamed Abdel-Khalek, Executive Director of the Entrepreneurship and Training Center at Horus University, accompanied Ms. Donna Weiss, Regional Director for Community Engagement at American Spaces in North Africa, and Ms. Arbi Khatcheryan, Director of the American Center in Cairo, on a tour of the center and the university campus. He provided a comprehensive presentation on the center's activities, services, and key programs supporting innovation and entrepreneurship and discussed future collaboration and partnership opportunities with the guests.

This visit is part of the fruitful cooperation between Horus University, the American University in Cairo, the American Embassy, and the E-Youth Foundation.

During the visit, the delegation toured the university campus, including the dental clinics, where they were welcomed by Prof. Dr. Mohamed Hamad Ghazi, Dean of the Faculty of Dentistry, along with Prof. Sherif El-Nagdy and Prof. Amr El-Karagy, Vice Deans of the Faculty of Dentistry. They were briefed on the modern facilities and

the free services provided to the local community. The delegation expressed their admiration for the advanced level of equipment, quality of services, and the beautiful design of the campus.

Horus University takes pride in this constructive collaboration. It looks forward to achieving more fruitful partnerships that enhance the environment for innovation and entrepreneurship in the Delta region, while providing distinguished education that meets the community's aspirations.
